Documentation

GET
Retrieves a list of all schedules.
Level 5 is required (all users can fetch this module)

--

Parameters:

```
1.  "perms": required      //Perms (enum[1])
2.                         /* 1: Show perms */
3.  "token": "xxxxxxx"     //Valid token is required
```

Example Request:

```
1.  {
2.      "module":"schedule.schedules",
3.      "method":"GET",
4.      "request":{
5.          "perms":"1"
6.      }
7.  }
```

Example Response:

```
1.  {
2.      "status":1,
3.      "data":[
4.          {
```

```
5.            "id":"367",
6.            "name":"Management",
7.            "start_time":{
8.                "id":"29",
9.                "time":"7 am"
10.           },
11.           "end_time":{
12.                "id":"89",
13.                "time":"10 pm"
14.           },
